WHO ARE WE

Mr Pronto is a one stop outlet for all the repairs to your shoes, handbags, suitcases and other leather products.

The idea is to create a space where you can leave your expensive brand of footwear behind and get it fixed with best quality materials and expert craftsmen.

Mr Pronto's staff are intensively trained in-house to provide quality service.

THE BRAND

REVOLUTIONIZING
THE SHOE REPAIR
INDUSTRY IN
INDIA

Mr.Pronto stands for:

- Expertise in shoe & handbag repair
- Professional services on-time
- Quality raw materials

And the job's done, pronto!

From just one store in Chennai in 2003, Mr. Pronto has grown to 12 outlets across three cities. UDHAV NAIG meets Abhishek Dhingra, the man behind the business of servicing leather goods, whose talent won him an award at the recent Asian Retail Congress

ABHISHEK DHINGRA

CO-FOUNDER

Abhishek did his graduation in economics from Loyola College, Madras and went on to do his MBM from The Asian Institute of Management, Manila.

He has been instrumental in structuring a fragmented & unorganized shoe & handbag repair industry. Abhishek draws strength from his cross-vertical experience in international soft commodity trading, banking and technology sectors. He has also been a guest lecturer on "new service innovation" at IIM Lucknow and won a few awards in his field.

THE VISION

To make the Mr. Pronto brand name synonymous with high quality shoe repair; to grow at an exponential rate and have a presence in every major locality in India.
